HENNA CANDLE CARE SHEET

zabardust henna

Keep your handcrafted henna candle beautiful with these simple care and safety tips, whether you're lighting it or displaying it as a decorative piece.

- **CANDLE USE & SAFETY:**
  - Place your candle on a stable, heat-resistant surface away from flammable materials, drafts, children, and pets. Never leave it burning unattended or while sleeping. Allow the wax to cool completely before touching or moving the candle.

- **BURNING & WICK CARE:**
  - Trim the wick to ¼ inch before each use. Allow the wax to melt evenly across the surface to prevent tunneling. Burn for no longer than 4 hours at a time, and extinguish carefully using a candle snuffer or by gently blowing out the flame.

- **CLEANING & STORAGE**
  - Store your candle in a cool, dry place away from direct sunlight and heat. Once cooled, gently remove any wax drips using a soft, damp cloth to preserve its beauty.

- **DECORATIVE KEEPSAKE**
  - Your handcrafted henna candle doubles as a beautiful decorative piece. Display it to showcase its intricate design and enjoy its beauty, even when unlit!
